

Stroke Team get the Gold PLUS!

Congratulations to the Stroke Team for achieving the 2013 GOLD PLUS status! The highest Winthrop-University Hospital, a New York State-designated Primary Stroke Center, was recently recognized by the American Heart Association/ American Stroke Association's (AHA/ASA) Get With The Guidelines® (GWTG) Program with the Gold Plus level quality achievement award for stroke patient care.

The GWTG program is a quality-improvement program that helps hospitals ensure that patients consistently receive cardiac and stroke care in accordance with the most up-to-date scientific guidelines and recommendations. The Gold Plus award recognizes hospitals who achieve performance scores of 85 percent or greater compliance with quality standards for more than 12 consecutive months.
